Catholic Faith

We are guided by Sacred Scripture and Apostolic Tradition, which together reveal God's truth. EHA staff follow the Magisterium of the Catholic Church, the teaching authority entrusted to the bishops in communion with the Pope, for the authentic interpretation of God's Word.

Academics

Emerald Heights Academy is a classical school rooted in Catholic Tradition. EHA strives to develop the whole person in its students to:

- **Teach the mind**
  By imparting knowledge and critical thinking skills

- **Educate the heart**
  To love authentic values and have a sense of what is good, true, and beautiful

- **To form the wil**
  By shaping character through virtues

Math EHA uses Saxon Math's incremental approach. We assess each student individually and place them at their ideal level—advancing, holding steady, or skipping ahead as needed. Motivated students can reach Geometry by 8th grade.

Specialists enrich the student experience through physical education, Spanish, art, music, and drama classes. They are also taught the Good Shepard Catechism.

Homeschool families are an important part of our school community. Our school is open for K-8 enrichment activities every Tuesday and Thursday afternoon. Homeschool students may join us for lunch at 11:30 AM, followed by recess before classes start at 12:30 PM.

Microschool

Microschooling teaches in multi-age classrooms where teachers focus on the individual student. EHA blends a traditional curriculum with values-based formation in a supportive, close-knit community. Our small class sizes and experienced teachers, combined with a focus on leadership, critical thinking, and moral development, provide a nurturing environment where students grow academically, spiritually, and socially.
